

The 40K Long War “PUREBLOOD CHALLENGE”

Black Templars, Blood Angels, Dark Angels, Imperial Fists, Iron Hands, Raven Guard, Salamanders, Space Wolves, Ultramarines & White Scars represent the purity of the Emperors Power Armoured legions who are often overshadowed by the mixed blood Grey Knights or even the selfish Elite of the Custodes, BUT NO MORE!

Alpha Legion, Black Legion, Death Guard, Emperors Children, Iron Warriors, Night Lords, Thousand Sons, Word Bearers & World Eaters represent the purity of the Chaos Power armoured legions who are often overshadowed by their daemonic brethren from the Immaterium, BUT NOW IT IS THEIR TIME TO SHINE.

This challenge is a unique opportunity to prove yourself the champion of your chosen legion. As a supplement to the Gaelcon Rulespack, the additional caveat is that your battle forged army can come from only one pure legion source with only one set of stratagems and ‘chapter tactics’ and of course only one pool and source of CPs.

A separate prize of a **€100 gaming gift card** will be available for the highest placing pureblood army from the list of eligible Space Marine and Chaos Marine armies below. Mudbloods such as Grey Knights, Custodes, any non-superhuman humans and certainly filthy Xenos will not be considered for this Champion of Champions prize. Also, Chaos armies must also be pure meaning that Berzerkers may only be in World Eater armies, Noise Marines belong only in Emperor’s Children armies and Rubric Marines are most certainly Thousand Sons and any other armies that try to mix such units into their ranks have sunk to the depths of the decrepit Grey Knights. Chaos armies also will not cheapen themselves by summoning Denizens of the Warp.

So, a call out to all PUREBLOODS, come to Gaelcon and do battle and let us find out who the true Champions of Champions are! THERE CAN ONLY BE ONE!
